

Job Description – Student Intern

The Opportunity

We are looking for a suitable candidate to manage a research project on crowd dynamics. This will involve the collation and comparison of various data sets, carrying out surveys, spread sheet analysis and reporting on findings.

The role is part-time during term times and/or full-time during holiday periods, and would be based at our Head Office in Central London. The start date is as soon as possible, depending upon availability.

If you are interested in applying for this position, please send your CV and Cover Letter to kpang@movementstrategies.com with the subject: 'Application for Student Intern'

If you have any further questions, please contact us on 020 7884 9156.
